Stevens Baldo Lighty, PLLC v. Anthony J. DellUniversita et al.
Civil Action No.: 2:18-cv-1600

Judge Orenstein:

Attached here is an updated letter regarding the health of Anthony J. Delluniversita. This letter is not on his behalf or in furtherance of any application but simply to inform the court what the status of his condition is because he cannot do so himself. Based on Your Honor's Order from July 24, 2019 and today July 31, 2019 it is important that the docket be clear and the court have awareness of Anthony J.'s ongoing condition and inability to prepare any letters, applications, or documents on his own and his inability to concentrate, read and understand what is currently going on.

Should the court want any additional information or updates I will certainly assist if needed. Please take notice that although the letter is dated July 16, 2019, it was not provided until Thursday July 25, 2019.

Thank you.

Respectfully,

/s Anthony P. DellUniversita
